

BCM400D-KNX Motorized Curtain Kit User Manual

Motor	
Model	BCM400D-KNX
Name	Smart KNX Motorized Curtain
Torque	1.2NM
Voltage	AC100V-240V 50/60HZ
Power	40W
Load	50kg Maximum
Interface	KNX, Remote Control
Function	Open/Close/Pause/Percentage Control/Feedback/Direction Shift
Certificate	CE and KNX
Protection	IP20, CLASS F
Power Plug	EU/US/AU/UK Type
Programming Software	
Dimension	50mm*50mm*270mm
Product Picture	
Remote Controller	
Model	BE301
Name	Single Channel Handheld Remote Controller
Battery	2*1.5V AAA Battery
Transmit Frequency	433.92MHz
Transmit Power	≤10mW
Temperature	-10℃~50℃
Distance	50meters

Product Picture	
-----------------	---

Curtain Track

Material	Aluminum Profile
Surface treatment	Electrophoresis Silver
Track Cross Section	 <p style="text-align: right;">Unit: mm</p>
Load	Maximum 50kg(If track length less than 4meters) Maximum 35kg(If track length more than 4meters)

Motorized Curtain Kit

Motorized curtain track kit specifications									
NO.	Size	Track Length (mm)	Track Connector (mm)	Adjustable Track					Suitable Size (M) (Wall To Wall)
				Track Length (mm)			Track Connector (mm)
